
BNB Kennel Personal Guarantee

The following is BNB'S four year hip, temperament, congenital defects causing death and hereditary blinding eye defect guarantee. This guarantee is in effect until the puppy's fourth birthday. It is not transferable if you should sell or give the puppy to someone else. Guarantee is in effect on Labrador Retriever whelped on Date _____ **Black/ Yellow** , **male / female**. MICROCHIP# _____, The sire is; _____, the Dam is; _____

The puppy was sold to _____.

BNB has written this guarantee so should a problem arise there will be no miss understandings. I foresee no problems with any of these puppies, with correct raising they should be outstanding adults of distinction. Should a problem arise be sure to follow the requirements outlined in this guarantee as it will be null and void if all requirements are not met. Be sure to contact me **immediately** should you be concerned.

Hereditary Eye Defects:

This covers blinding eye defects. A certified Canine Ophthalmologist certificate is required. Also, full medical history from date of purchase to present is required from your attending Veterinarian(s). If requested by BNB, dog is to be examined by my own Veterinarian.

Hereditary Hip & Elbow Dysplasia:

For All Grades of Hip or Elbow Dysplasia, with symptoms affecting said dog that requires surgery or treatment. I will refund the full original purchase price or replace the said dog, with the soonest available litter. Under no circumstances will I refund more than the original purchase price. If, a problem occurs notify me **immediately**, X-rays must be examined and a certificate received from either the Ontario Veterinary College(OVC) in Guelph, Ontario or the Orthopedic Foundation of America(OFA). Full medical records from date of purchase to present are required to be given to me, from your attending Veterinarian(s). If I feel it is necessary I will notify you that the dog will be examined by my own Veterinarian

It is strongly recommended that the dog be kept on a dose of at least 500-mg. vitamin C till 4 months, and then increased to 1000 mg. vitamin C till at least 18 months.

Please take note of the importance of environment and diet in relation to the growth of a young dog. Do not over feed or over exercise and avoid slippery flooring, and stairs.

Congenital Defects/ Temperament:

*Should your puppy develop a unfortunate congenital disease causing its death within guarantee time limit I will replace the affected dog with **another puppy** when one is available. Before I will replace the dog all medical records, reports, and x-rays will be sent to me for my Veterinarian's evaluation. Said dog is guaranteed to be of sound temperament.*

*If your puppy should be affected with one of the above problems, you may not dispose of the dog(sell or euthanize) without BNB's written permission. If you should choose not to keep your pet, BNB has the right to first refusal, if BNB decides to purchase said **dog/bitch**, BNB will give a full refund less \$150 for administration fee's.*

If you choose to keep your pet it must be spayed or neutered and a certificate sent to me before I will consider a replacement or refund for the puppy.

Under no circumstance will BNB Kennel be liable for more than the original purchase price.

Should this contract of sale be breached or broken then this guarantee is null and void.
